

# Online Proctored Testing (Exams)

Last Modified on 04/18/2024 11:13 am CDT

## What Is A Proctored Exam?

Some courses require students to take proctored exams. A proctored exam is supervised either at an in-person testing center or by an online proctor.

### Lone Star College Testing Centers

(<http://www.lonestar.edu/testing-centers.htm>) provide a variety of testing services to students, including but not limited to Placement Exams, Make-up Exams/LSC-Online Exams, Correspondence Exams, Challenge Exams, Foreign Language Exams, and Exams for students approved for ADA Accommodations.

## Remote Options

### Respondus LockDown Browser

Respondus LockDown Browser is software students can download that controls the computer during a test, preventing the student from accessing other software, files, or the internet.

- [Using Respondus LockDown Browser & Monitor](https://vlac.lonestar.edu/help/a368) (<https://vlac.lonestar.edu/help/a368>)

### Eximity

**Eximity** is a **live proctoring** solution utilized by Lone Star College that allows online and distance learners to take proctored exams without needing to visit a Testing Center.

**All** quizzes taken in Eximity, with the exception of **Practice Quizzes**, are taken by students in front of a live **Proctor**, who will monitor your surroundings and entire desktop throughout the exam. There is no cost to students to use Eximity.

- Refer to [Eximity - Live Proctoring Solution](https://vlac.lonestar.edu/help/eximity) (<https://vlac.lonestar.edu/help/eximity>) for more information.

See [Proctoring Options for Online Quizzes](https://vlac.lonestar.edu/help/proctoring-options-online-quizzes) (<https://vlac.lonestar.edu/help/proctoring-options-online-quizzes>) for comparison.
