

# Last Day to Get a Refund

Last Modified on 06/11/2019 12:29 pm CDT

The refund date is calculated from the session "Begin Date" listed on the class schedule and includes Saturday and Sunday. A Tuesday/Thursday class within a 16-week session would start counting on the session "Begin Date" (normally a Monday) to determine the refund date. Lone Star College System offers over 40 different sessions within any long semester (Fall & Spring) so Admissions & Records cannot provide or guarantee a generic date or number of days for refund dates or last day to drop dates. Refund dates for mini-mesters, summer, and fast tracks have a very short window due to the length of the session.

Use the sample chart below to determine your refund date:

1. Go to your Student Center in myLonestar and click on your Class Schedule.
2. Click on the hyperlinked blue section number to display the course details.

Class	Section	Days & Times	Meeting Dates	Location

3. Take note of the "Session name" and "Start date". Use this information to calculate your refund date.
