

# Contact Your Instructor

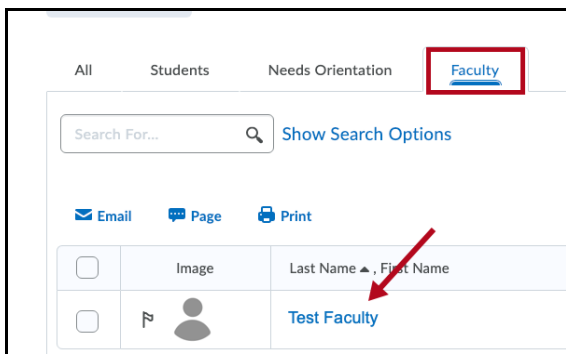

Last Modified on 10/04/2024 4:15 pm CDT

You have two choices for contacting your instructor - in **D2L** or through the **Lone Star College email system**. You can try using one or both; once courses have started, your professors will generally tell you how they prefer to be contacted.

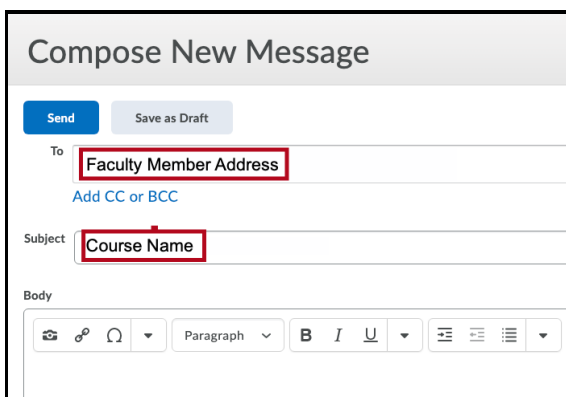

**NOTE:** D2L email will be retired at the **end of the Fall 2024 semester**. After that, your myLonestar email will serve as your primary email inbox under LSC.

## Contact the Instructor in D2L

1. Click on your course in the [My Courses Widget](https://vlac.lonestar.edu/help/my-courses-widget) (<https://vlac.lonestar.edu/help/my-courses-widget>).
2. Click on **[Collaboration]** and choose **[Classlist]**.
3. Click on the **[Faculty]** tab, then click the faculty member's name.

4. A window will pop up in which you can compose your email. The professor's D2L email address will be in the **To** field, and the course name will be in the **Subject** field.

## Contact the Instructor Outside D2L

1. Use the [Contact Directory](https://services.lonestar.edu/contactdirectory/) (<https://services.lonestar.edu/contactdirectory/>) to locate your instructor's contact information.

2. Use your **my.lonestar.edu** email address to email your instructor's **lonestar.edu** email address.

**NOTE:** See [The Difference Between D2L Email and myLoneStar Email](https://vlac.lonestar.edu/help/distinguish-between-emails) (<https://vlac.lonestar.edu/help/distinguish-between-emails>) for more information.
