## Pinning Courses

1. To pin a course, hover over the course image until you see the **Options** menu, indicated by three dots. Choose **[Pin]** to add the course to your Pinned courses. We recommend you pin all your frequently accessed courses.

2. Courses may also be pinned by using the **[Select a Course]** grid at the top of the page and clicking the pin icon to right of the course name.

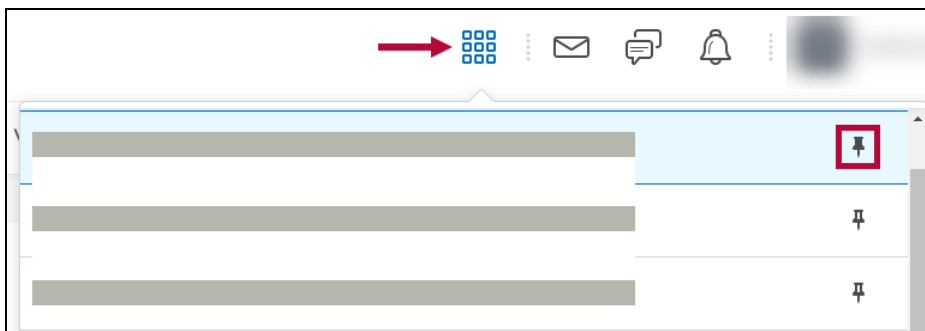

3. Your courses now display under the Pinned heading on the **All Courses** page and display first in the My Courses widget on the home page.

## Unpinning Courses

1. To unpin a course, use the same **[Options]** menu on the course and click **Unpin**, or click the pin icon on the course image.

2. You can also use the **[Select a Course]** grid at the top of the **All Courses** page and click the shaded pin next to the course name.

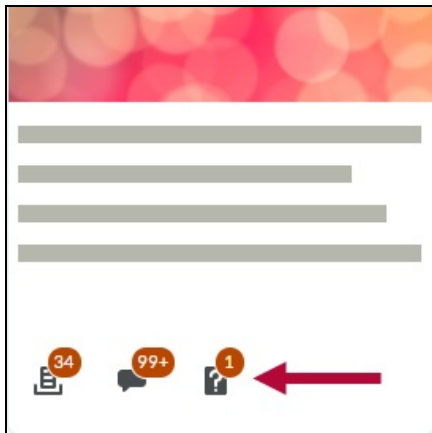

## Course Access Indication

- Courses that are not yet open but have been activated will show in your **My Courses** widget grayed out. Courses that have closed will show up grayed out and with a **Closed** tag.

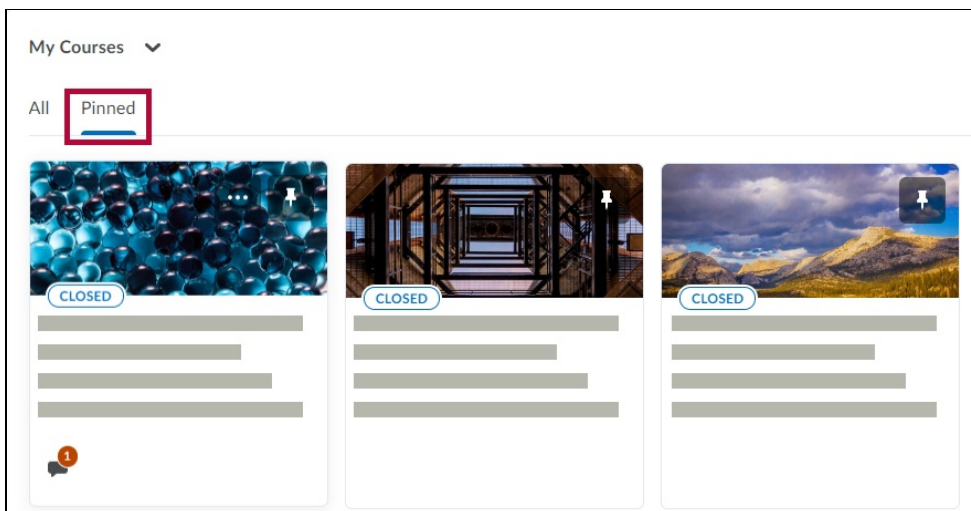

- **Course Notification Icons** will appear at the bottom of a course tile. Click on the notification icons to access the associated course activities. Course notification icons appear in the following order, from left to right: **Assignments**, **Discussions**, **Quizzes**.

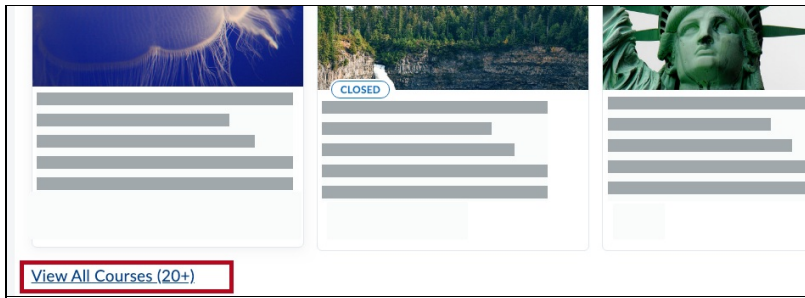

## Viewing Courses

- To view only pinned courses, click the **[Pinned]** tab at the top of the widget.

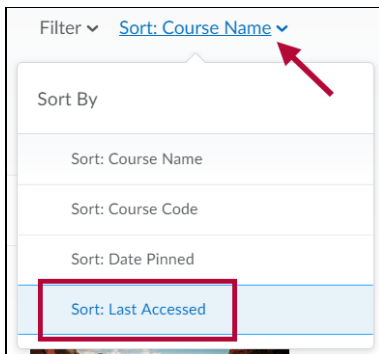

- To view all of your courses, click the **[View All Courses]** link in the widget.

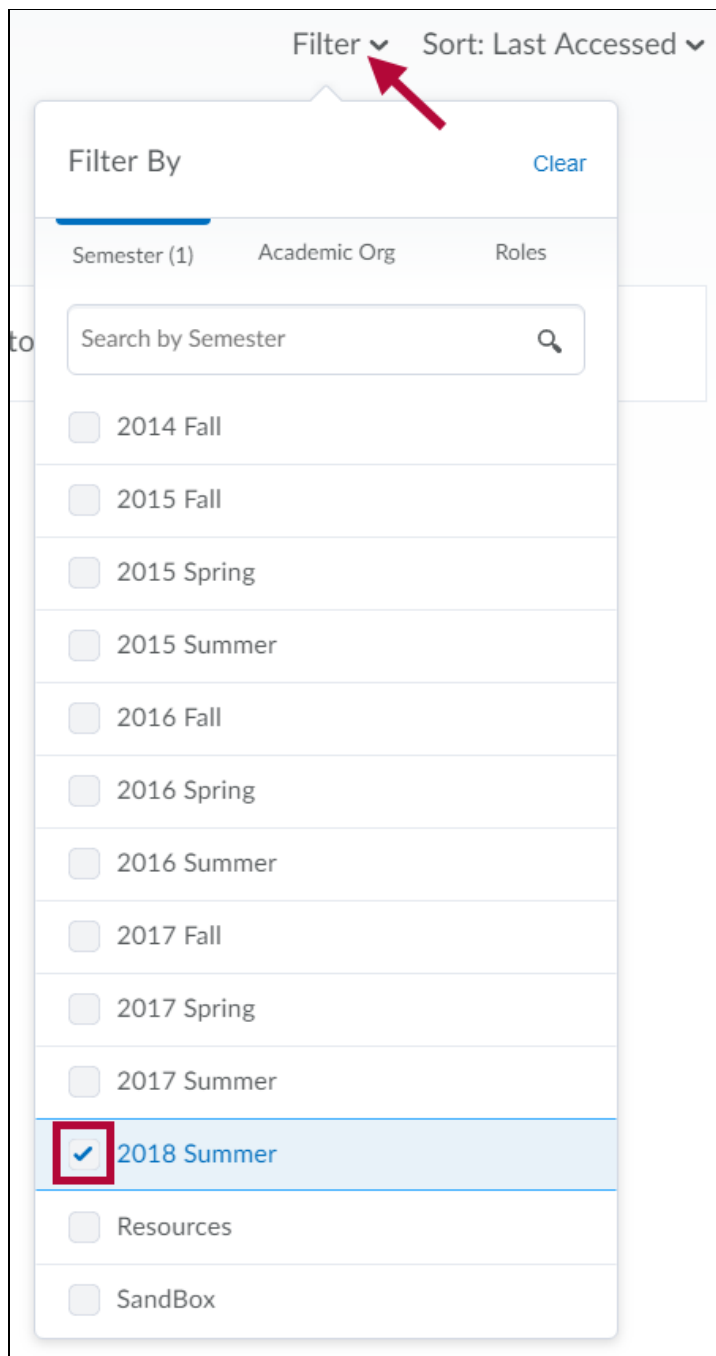

## Sorting and Filtering

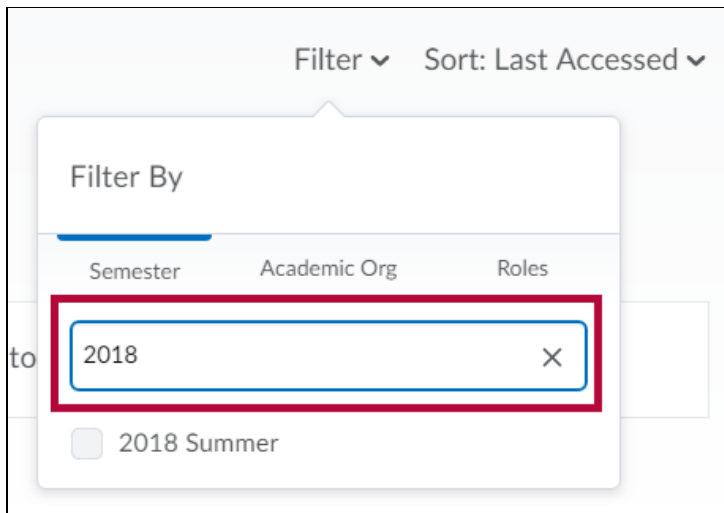

- On the **All Courses** page, you will be able to see all of your courses. You can change the order of your courses by using the **[Sort]** option in the top right, and choosing the desired sorting option.

- To find current courses, use the **[Filter]** option at the top, and select the **[current semester]**.

- Additionally, you can use the **search bar** to quickly find the desired semester.

**NOTE:** Your **[Sort]** and **[Filter]** selections will reset when you leave the All Courses screen.
