

Post-December 2024: Send Emails in D2L using the Classlist

Last Modified on 02/03/2025 4:00 pm CST

Post-December 2024, emailing your instructors and your classmates via the **D2L Email Tool** will be functionally identical to how you emailed them from before. There will be no changes to the navigation when sending a mass email through the **Compose-New-Message** window. However, the email will be delivered to the recipient's LSC email in Outlook instead of their D2L Email, as the D2L Email will be retired.

The **Compose-New-Message** window can be accessed through the **Classlist** in each of your courses.

ALERT: With this change, the **Sent** folder in D2L Email will **no longer be available**, meaning sent emails will **not** be automatically saved. To keep a record of sent emails in Outlook, please refer to the instructions in the article, [Post-December 2024: Send a Copy of Outgoing D2L Emails to Your Outlook Inbox \(https://vlac.lonestar.edu/help/post-december-2024-send-a-copy-of-outgoing-d2l-emails-to-your-student-email\)](https://vlac.lonestar.edu/help/post-december-2024-send-a-copy-of-outgoing-d2l-emails-to-your-outlook-inbox).

Send Emails to the Classlist in Bulk

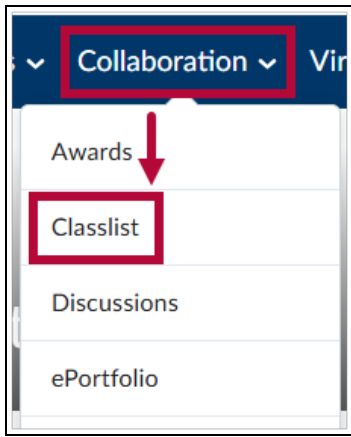

Whenever you want to send a bulk email to multiple recipients, you may recognize the small blue envelope icon  which appears in the **Classlist**. This envelope icon opens the **Compose-New-Message** window. After selecting the desired recipients using the **[Checkboxes]** on the left of their respective rows, the same email can be sent to all of them at once.

NOTE: It is strongly recommended to regularly review your **Outlook Spam folder** to ensure important emails have not been mistakenly filtered.

You'll notice that the email listed in the **[Bcc]** field has changed from the old D2L email to the current LSC email. Additionally, the **Subject** field will automatically default to the name of the course.

Show Video Walkthrough

1. Navigate to **[Collaboration]** → **[Classlist]**.

2. Select the **[Checkboxes]** for the recipients you want to send an email to, then click **[Email]**.

2

Email Page Print

<input type="checkbox"/>	Image	Last Name ▲	First Name	Username	Org Defined ID	Role
<input checked="" type="checkbox"/>		Alaska, Abby	(She/Her) ▼	[blurred]	[blurred]	Student
<input checked="" type="checkbox"/>		California, Chris	(he/him/his) ▼	[blurred]	[blurred]	Student
<input type="checkbox"/>		Carolina, Carrie	(They/Them) ▼	[blurred]	[blurred]	Faculty

1

Detailed description: This screenshot shows an email selection interface. At the top left, a red circle with the number '2' is next to an 'Email' button, which is highlighted with a red box. To its right are 'Page' and 'Print' buttons. Below this is a table with columns: a checkbox, 'Image', 'Last Name', 'First Name', 'Username', 'Org Defined ID', and 'Role'. The first three rows of the table have their checkboxes checked, and these three rows are highlighted with a red box. A red circle with the number '1' is next to the first checked checkbox. The first row shows a student named Abby Alaska. The second row shows a student named Chris California. The third row shows a student named Carrie Carolina. The fourth row shows a faculty member named Carrie Carolina with an unchecked checkbox.

3. The selected recipients will be inserted into the **[Bcc]** field.

- Manually type out the email you wish to add to the recipient list.

Receive Emails from D2L-Classlist

When an email is sent from the **Classlist**, using the **Compose-New-Message** window, the sender's D2L email will automatically populate in the **[From]** field. When a recipient, such as your Instructor, replies to this email, the sender's LSC email address instead will be placed in the **[To]** field. This means that even though the email exchange started in D2L, the rest of your communication will continue using LSC Email.

NOTE: If an email is composed in Student Email from *scratch* by typing in a D2L email address (**username@d2l.lonestar.edu**), the email will fail to deliver.
